

NO. \_\_\_\_\_

THE STATE OF TEXAS

§

THE COUNTY COURT AT LAW

VS.

§

OF

\_\_\_\_\_

§

McLENNAN COUNTY, TEXAS

**ORDER FOR REMOVAL OF DEEP-LUNG BREATH ANALYSIS MECHANISM**  
***(Condition of Community Supervision)***

On \_\_\_\_\_, this Court ordered as a condition of community supervision pursuant to Art. 42.12(2)(I), Texas Code of Criminal Procedure, that \_\_\_\_\_, ("Defendant") install a deep-lung breath analysis mechanism, (called the "device" herein), on his/her primary motor vehicle to make impractical the operation of the motor vehicle if ethyl alcohol is detected, and further prohibited Defendant from operating in a public place any motor vehicle which is not equipped with such a device.

The Court finds that the Defendant:

\_\_\_\_\_ has successfully completed the requirement of the device as a condition of community supervision for the period of time set out in the order granting community supervision; **or**,  
\_\_\_\_\_ has been discharged from community supervision, and the requirement of the device as a condition of community supervision is no longer applicable, in which event the Court makes no finding herein as to whether or not the Defendant successfully complied with this requirement of community supervision.

It is ORDERED that the Defendant is entitled to removal of the device, unless this Court entered an order in this cause under Texas Penal Code §49.09(h) or unless the Defendant is subject to any other order requiring the device which has been issued in any other matter unrelated to this cause. In the absence of any other such orders, the provider of the device shall remove the device from the Defendant's primary motor vehicle upon receipt of a file-stamped copy of this signed order.

Signed on \_\_\_\_\_.
